

OneKEY Padlock

The smart lock you can use anywhere in your store.

CONTROLLED ACCESS

Extends the application of OneKEY to easily identify access, zone permissions and audit activity.

FLEXIBLE

Simple installation and portability make it easy to use from retail floor to backroom operations.

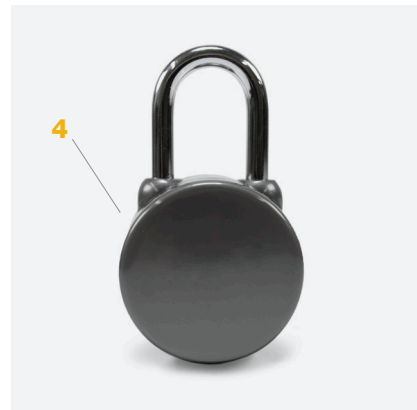

ONE LESS KEY

A quick, seamless experience to access anything at any time—with just one key.

OneKEY Padlock, together with OneKEY™ and Access Manager™ empowers retailers to go beyond traditional operations and efficiently manage, secure and track access to merchandise.

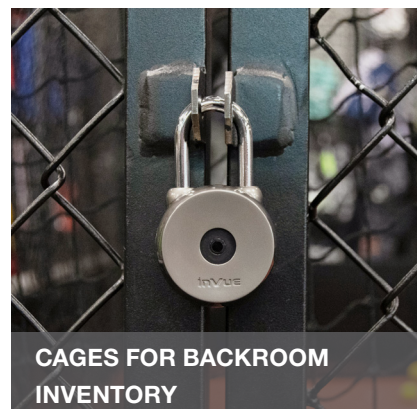

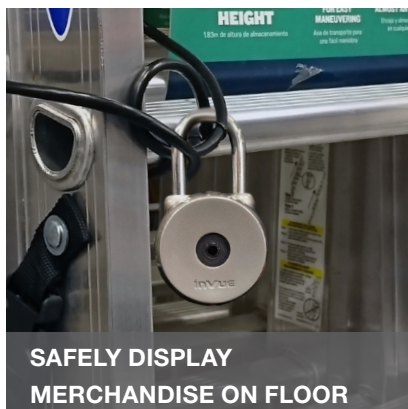

FEATURES AND BENEFITS

- 1 OneKEY compatible for a single key solution that secures access to locked items
- 2 Access Manager compatible for audit and zoning capabilities
- 3 Pick and shim resistant for low-visibility applications
- 4 Long-life battery quickly accessible by authorized key holders for on-floor replacement

APPLICATIONS AND USES

OneKEY Padlock can be instantly added to new or existing applications and used on cages, lockers, cabinets or tethered security for both on-floor merchandise or backroom operations.
